What exactly is a *David Weekley Energy Saver Home*? It's a home that is friendlier to you, to your environment and to your pocketbook. Reduced energy consumption actually makes a *David Weekley Energy Saver Home* less expensive to own. In fact our homes can save significantly in heating and energy usage over a similar home built to 2004 building code standards. It's what we call a "win-win-win." Invest your housing dollars more wisely. Help the environment. Live more comfortably. All of which can help make your *David Weekley Energy Saver Home* easier to resell. Because from now on, any home that isn't green may be obsolete.
