

The good life in an Active-Adult Community

Maybe some of you have lived in a 55+ community before, but for some of you, Encore at Briar Chapel is your first experience within an active-adult community. You may wonder what "active-adult" actually means in a David Weekley community. As the Lifestyle Director of your Encore Amenity Center, I think the lifestyle is much like living on a cruise ship...but on land! You can do as much or as little as you like, but there is rarely a day when there isn't some fun activity offered. I am excited to bring my experience to this wonderful neighborhood, and I assure you that you'll find the very best in active-adult living here.

March is the best month for basketball

March is known for one thing above all others: brackets. March Madness, as the NBA calls it, runs from March 11 to April 2 this year, and the safest bet you can make is that lots and lots of people will be distracted. One number-crunching firm predicted last year that American companies would lose \$1.9 billion in wages paid to unproductive workers spending company time on betting pool priorities. According to the American Gaming Association, fans wagered more than \$2 billion on March Madness brackets for the 2015 tournament. Each one of those 70-million-or-so brackets has a one in 9.2 quintillion (that's 9 followed by 18 zeroes) chance of predicting the correct winners of every game.

With that having been said, a March Madness Basketball Pool, with all the details, will be emailed soon!

Good luck!
